< BODY CONDITION SCORE

What is the BCS?

The Body Condition Score (BCS) is a veterinarian-approved tool for assessing a pet's weight. You can use it to estimate whether your pet is at an ideal weight.

What does it require?

Not much! You will do a visual and simple physical assessment of your pet by feeling their ribs.

Where can I learn more?

Visit [kitbit.com/bcs](https://www.kitbit.com/bcs).
